Industrial fabrication / Material supply / Business support

Company Overview

ACP AL ARAB LLC

COMPLETE INDUSTRIAL, SUPPLY & BUSINESS SOLUTIONS

ACP AL ARAB LLC brings industrial fabrication, material supply and business-support solutions together under one trusted name. We help clients turn practical requirements into a clear scope of work, supply enquiry or business solution.

From made-to-requirement metalwork to software and document support, our focus is on understanding what the job needs and keeping the next steps clear.

WHY ACP

- | | |
|---|---|
|  Quality
Clear requirements and attention to the agreed details. |  Reliability
Straightforward communication throughout the work. |
|  Practical support
Solutions shaped around your project or workflow. |  Future-ready thinking
Digital tools where they make business work easier. |

QUALITY. RELIABILITY. INNOVATION. BUILT FOR THE FUTURE.

Laser Cutting & Fabrication

From your drawing to a clearly defined fabrication requirement.

SERVICE SCOPE

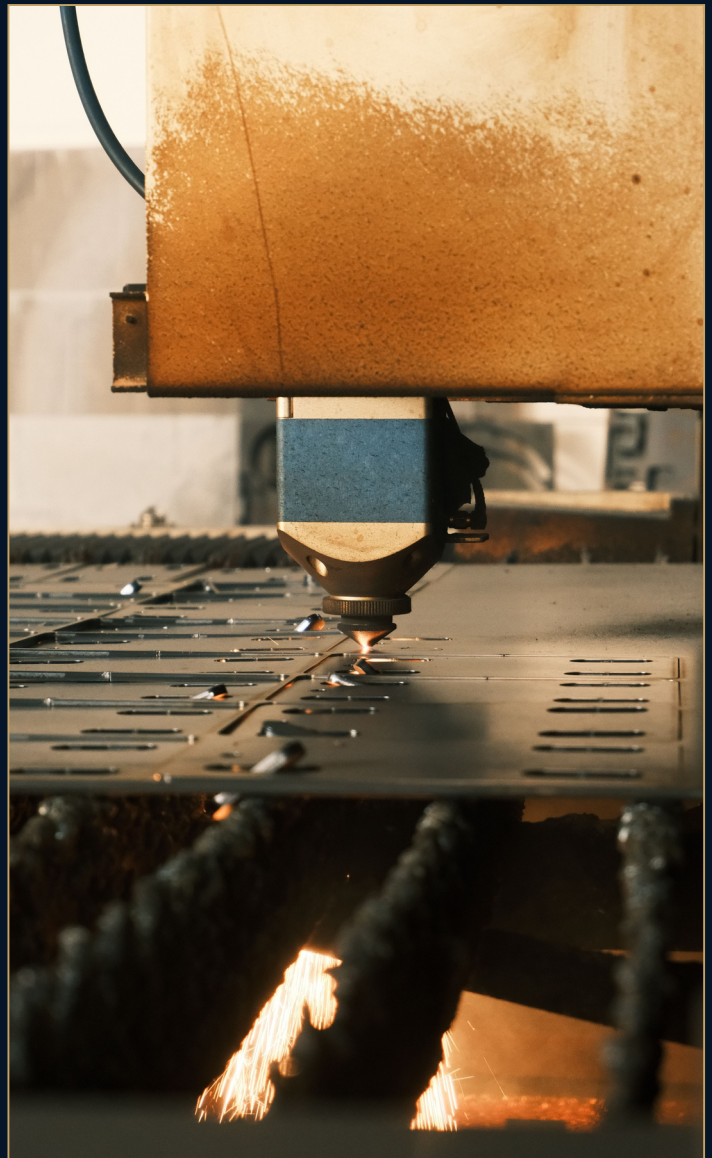

- Profile cutting to supplied drawings
- Custom parts, panels and brackets
- Fabrication and assembly requirements

MATERIAL ENQUIRIES

Steel, stainless steel and aluminium. Confirm the grade, thickness and finish when enquiring.

APPLICATIONS

Components, enclosures, fit-out details and custom project work.

Category photograph / laser-cutting process

Send your drawing, material and quantity

+971 56 332 7745 | +971 58 272 2969

Metal, Stainless Steel & Aluminium Fabrication

Custom fabrication shaped around the application, finish and installation requirements.

Category photograph / metal fabrication

MADE TO REQUIREMENT

- Frames, supports and assemblies
- Panels and custom fabricated items
- Stainless-steel and aluminium details

START WITH THE DETAILS

Share drawings or reference images, dimensions, material grade, finish and intended use. We review the scope before proposing the work.

Discuss your fabrication requirement

+971 56 332 7745 | +971 58 272 2969

Bending & Rolling

Formed metal components for functional and architectural applications.

Category photograph / sheet-metal bending

SERVICE SCOPE

- Sheet and section bending enquiries
- Rolling and curved-form requirements
- Custom profiles to agreed details

WHAT TO SEND

Material and thickness, section profile, bend angles or radius, quantity and drawing. Feasibility and the final process are reviewed for each requirement.

Share the profile you need

+971 56 332 7745 | +971 58 272 2969

Handrails & Structures

Metalwork that brings function and a considered finish to the space.

Category photograph / stainless-steel railings

APPLICATIONS

- Stainless-steel handrails
- Stair and balcony railings
- Frames and structural fabrication requirements

PROJECT DETAILS

Share the site dimensions, reference design, intended use and preferred finish. Fixing details and any engineering requirements form part of the scope review.

For residential, commercial and industrial enquiries.

Discuss your site and design

+971 56 332 7745 | +971 58 272 2969

Gates & Custom Works

Made-to-requirement metalwork, with the design and use considered together.

CUSTOM APPLICATIONS

- Gates and entrance features
- Grills and protective metalwork
- Screens, frames and decorative details
- Residential, commercial and industrial requirements

YOUR REQUIREMENT

Send a sketch or reference image with the opening size, material, finish and preferred operating arrangement.

Category photograph / decorative gate

Start with a sketch or reference

+971 56 332 7745 | +971 58 272 2969

Building Materials

A clear supply enquiry starts with the right specification.

Category photograph / construction timber

PRODUCT CATEGORIES FOR ENQUIRY

Construction materials

General project and construction supply requirements.

Boards & timber

Sizes, quantities and intended applications.

Hardware & accessories

Fixings and supporting material requirements.

Finishing materials

Surface, fit-out and finishing enquiries.

Send your material list with specifications, quantities and required delivery timing. Availability and scope are confirmed in the proposal.

Send your material list

+971 56 332 7745 | +971 58 272 2969

Slab Supply

RAK Ceramics Direct Dealer

Premium slab and surface solutions for considered interiors.

SURFACE ENQUIRIES

- Slab and surface selections
- Wall, floor and feature applications
- Project-based material requirements

SPECIFY YOUR REQUIREMENT

Share the intended application, finish, dimensions and quantity. Product selection, specifications and availability are confirmed for your enquiry.

Category reference: stone wall panels.
Not a specific RAK Ceramics product.

Surface-category imagery; finishes shown are illustrative, not product specifications.

Discuss your slab and surface selection
